Report of Trustees & Librarian 1877.
To the Proprietors of the Bayleston Social
Library In accordance with the provisions
of the constitution of this Library
at the close of another year it is now
becomes the duty of your Trustees and
Librarian to render their report of the
condition and doings of the Library.
your board are happy in reporting that
the moral & pecuniary prospect has attended
the Library through out the year now past.
The numbers of Proprietors has remained
the same & the interest they have evinced

in reading has been somewhat
increased over the preceding year
and renewed interest has also been
all through the membership more
than members have utilized themselves
of the opportunity to draw books
than of any other period since the
passage of the vote allowing the use of
the library for private reading & this
have been extremely careful and no
accident has in any case occurred to
the injury of books, and with the
constant care the books are in
their usual good conditions.

The addition to the Library during
the year have been but few there have
been received by donation 1 Vol
Report of Bureau of Education U.S. 1877
by Hon John Eaton Commissioner
1 Vol History & Constitution of the United
States by Horatio May of the President
& Independence from the Worcester
Public Library 1 Vol History of Essay
in our South States from John Wiley &
New York. The thanks of the Trustees
are due for these publications. They
Librarian by the order of the Trustees
also purchased during the year a
book entitled The History of our
Government by H. A. Richardson
a work written in an easy and
comprehensive style of exceeding interest
and instruction relating the history
of the discovery of America and progress
of the U.S. during that first century

although not entirely correct, yet in
main a nearly accurate history.

In pursuance to the vote passed
at the previous meeting, on Jan.
Last - the Librarian has purchased
the "Harper's Monthly Magazine" through
the agency of Messrs. H. H. & Co. Boston
the entire numbers of the volume for the
year have been received. The subscription
expired with the December number.

The Librarian has received a constant
supply of catalogues and circulars of
Books, which are presented for the
consideration of the proprietors. The
present state of the firm offers a
rare chance for purchase of books.
We desire also to call the attention of
the Proprietors to several volumes
relating to local history; The
Remains of the History of Lancaster
The Centennial Exhibition of
Lancaster (Pamphlet) and also a History
of that Town of ~~Lancaster~~ to be published.
The History of the Town of ~~Lancaster~~ by
Rev. H. C. Brady by order of the Town.
The possession of these local histories is
very important. We would also call
attention to the fact that our collection
now in the library are not yet complete.
The last volume of the History of
U.S. and others are not yet in the library
and means should be taken if possible
to complete this work. The purchase
of a History of the Centennial Exhibition of
1876 has also been recommended and should be

for the purchase of books & papers in the opinion of the Board would be also a means of securing additional interest in the reading considerable call being had for such books. The carrying forward of these recommendations in all particulars is not expected but the mention of these may serve a means by which the Proprietors may become better acquainted with the condition and needs of the Society.

The Library now enters upon the 34th year of its existence in the history it has been intimately associated with this Town and its People. In nearly all instances its members have been its most prominent & respected citizens. By the exertion of its first Proprietors and those who have immediately succeeded them its success was established & its permanence secured. It is now for the present year as to say that the prosperity of this ancient Institution is continued and more firmly established.

All of which is Respectfully submitted

should state that we find the
Library in its usual state of preservation
making exceptions for the wear of
books caused by time and use.

We would also report that the great
degree of interest is felt in the
use of the Library by the Pupils
and others. During the year two
new volumes have been added by
purchase by the active efforts of

Henry D. Stanley, in Central Africa
Leather, pages 800. price \$3.25 - Less dis-
count same - 25 - 300 the work will prove
a valuable acquisition to the library
embracing as it does the accounts of
explorations in a region and land
Comparatively but little known to the
general reader, as well as the search
for and capture of Dr David Livingston
Sir Samuel Baker and others. The other
work The Swiss Family Robinson
an old work so well known to need
any general description is a work
relating the adventures of a ship
in which family are on the coast
of South America. Whisking some-
what of fiction was thought by
the Librarian and the board as
would demonstrate the value
classes of readers.

In procuring books for the library
your board of Trustees would recommend
the greater diversity of titles in the
class of reading and although we would
not recommend procuring mainly
works of fiction we would suggest
in order to draw in more readers
from non-members, some lighter
work might be profitably procured.
Kindly your board would in presenting
these few hints and suggestions -

ask anew the cooperation of the
respective in maintaining the
position and a statement of the
situation. Let us remember that it
is the situation which is especially
desirable. For the good of the
cause and in other things, in maintaining
the social standing of the community.
During the ^{year 1880} past our former active
member and for many years the chairman
of the board of Trustees of this college
deceased, and it but just and right
that we should at this time receive
reports and upon our records to credit
the faithful services and efforts of the
Rev Mr H. W. Sargent, late of Worcester
while a member and an efficient aid
to promote the standing and past
interests of this association and may
we ever look back with satisfaction
and pleasure upon his labors in
connection with them. In the presence
of Mr H. Moore, Rev. Ward Patton and
Phineas Sargent. His services were
preceded in death in the year 1880

Resolutions adopted by the
Boylston Social Library Association

Whereas during the year now past
it has pleased Almighty God to call
Righteous Providence to a more
early death. The Rev. William H. Sanford
formerly the Pastor of the Congregational Church
in Boylston and for many years
an active member and efficient
officer of this Library and for a long
time the Chairman of its Trustees, It seems
fitting that as an association we
should place on record some
Testimonial of our esteem and regard
for our former member. Therefore

Resolved this association while sincerely
mourning the death of Rev. Wm H.
Sanford, look back upon his association
with this people & Society with feelings
of heart full satisfaction and esteem.
Resolved, that we recognize the various
labors which he ever manifested in
his connections not only with this
Society but in every thing relating
to the educational, social, and spiritual
interests of this people and will ever
hold in grateful remembrance,
